

SINBRAN® – SINTERED MEMBRANE FILTRATION

SINBRAN® HT HIGH-TEMPERATURE FILTRATION

Made from newly developed **high-performance PE**:

- **Temperature resistant up to approx. 130°C**
- **Reliable operation during temperature peaks and process fluctuations**
- **High-end PE & HT cores for maximum stability**
- **Robust, durable, reliable**
- **Antistatic design**

Recommended for **Milling industry • Chemical industry • High-temperature processes • Food industry**
